## Directions for Shipping Poultry.

In preparing your poultry &c., for shipping do not feed them for twenty-four hours before killing, do not pack them in a box until the animal heat is out the fowl.

Do not cut the heads or feet of Turkeys and Geese as they are sold by the pound, *pluck the feathers only* and do not scald the fowl.

If you should have any wild fowl or game such as Partridge, Wild Ducks, Deer, Rabbits &c., ship them just as they are killed, but do not pack them in a box until the animal heat has left the body.

If possible ship your fowls so that they *will not* arrive in Toronto on Saturday as there is generally more received on that day than there is demand for, and therefore I have to keep them over till Monday.

Do not ship Poultry in mild weather.

## My Leading Teas are,

Number 99 Japan Tea.....at 30 cents per pound.

Put up in Tin Caddies.

Number 102 Congou Black Tea.....at 40 cents per pound.

Number 105 Hyson Green Tea.....at 40      “      “

These Teas are giving the best of satisfaction.

Remit by Post Office order Draft or Express and Register all letters containing money matters.

## Butter, Eggs, &c.

I very frequently have letters from my customers, asking me what price I can give for Butter, Eggs, Poultry, &c., so I take this opportunity of replying in general.

Any of my customers having Butter, Eggs, Poultry, &c., to dispose of may ship them to me and I will sell them and make returns as soon as sold. But I do not buy them myself simply sell them to my customers in the City at the highest prices I can get.

In shipping any produce always send a letter and state whether you wish me to remit the money or place it to your credit.

It is very convenient for the Farmers to have a place to ship their Butter, Eggs, Poultry &c., and receive Toronto Cash prices, and I do not charge any commission for them, as I have a large number of Storekeepers in Toronto who deal with me for Groceries and expect me to supply them with Butter, Eggs, Poultry &c., so I can oblige the Farmer and Storekeeper at the same time,

I have quoted lowest Wholesale Prices on my Teas, and I am satisfied if you give them a trial, you will continue to use them as they are exceptionally good values.

In future I will allow two and a half cents per pound off Teas ordered by the half chest as it costs me about that much to put it in caddies. This will be freight paid to your nearest Railway Station. Half chests Tea weigh from 60 to 70 pounds.

Send your Orders on this Sheet, Tear these out, that is what they are for.

I will pay Freight on goods to your nearest Railway Station in Ontario, with the following exception, I can only pay freight as far as,            on the North Shore branch of the Canadian Pacific Railway, for if I paid to the outside limit in Ontario it would take all the profit on the goods.

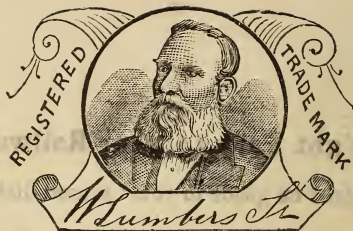

In shipping goods to North Shore ports I only pay the freight charges to the Station at which the Ry. Co. hand the goods over to the boat.
